

Summer /Autumn 2018

Well we have had an extremely busy time over the last few months setting up the office at the community centre and registering the service with CQC.

Kelly and Sam both passed their fit person interview and the service was registered on October 17th 2018. Once we became registered as a Domiciliary service the work started on marketing the service we have been beavering away in the office completing all sorts of documents for local authorities and attending meetings.

We welcomed our first service user in October. She has been busy attending lots of lovely activities; she has been pumpkin picking for possibly the biggest one in the field and carved an amazing face in it to put on her doorstep at Halloween. Just before Halloween she celebrated her birthday by inviting all her friends out for a meal.

Caroline has been busy working with Alana and Kara arranging a trip to London in December where she is going to be doing lots of amazing things and I'm sure she will take lots of pictures and have a fantastic time.

October was a busy month all round we welcomed Kara to the team and Kerry only went and got married !

Didn't she look gorgeous

We are now looking forward to the festive season and welcoming in 2019 and all the exciting plans we have for Kelsam !
